Superintendent
Provincial Employment Bureau
Vancouver, B.C.

Dear Sir :

I am an ore sampler, twenty two years of age and anxious to secure work in British Columbia.

I shall be very pleased if you can inform me if there are opportunities in this class of work at the mines of furnaces in your district or if I came to Vancouver could I get work in that or any other capacity within a reasonable time, say within a fortnight after arriving.

Besides sampling I have worked about docks - weighing and checking - but I understand work and methods are different in Canada to English ways and am fully prepared to adapt myself wholeheartedly to the new work and conditions if I can get the offer of work there.

Enclosed please find copy of reference from my last employer.

Yours faithfully

(signed) Ernest Inman

TO WHOM IT MAY CONCERN

I have pleasure in writing these few lines of recommendation on behalf of Mr. Ernest Inman of Barrow-in-Furness.

Having had this gentlemen in my employ practically since he left school, I can testify to his integrity and honesty and general moral character.

I have found him willing and attentive to all matters entrusted to his care and would specially point out that I have found him shrewd and painstaking when in difficulties.

My business has demanded his being isolated and left to his own resources and in all cases he has displayed marked courage and concentration and in consider that any employer wishing for a young man to fulfill such a position will be amply repaid by giving him a trial.

It is with many regrets that he leaves my employ: but the abnormal slackness of trade compels me to close my office in the district where he has been actively engaged.

I shall be pleased to supply further information to any interested party.

Signed

T. BAINBRIDGE
